## BOS - Business Operating System

Version 2.00

### Purpose

To help business owners, leaders and sales professionals maximize Š X Ò Events to generate more and better business in less time with less effort.

### A Question . . .

If someone were to ask you “Why do you think that McDonald’s is one of the most successful franchises in the history of the world, what would you say?”

### The Answer . . .

McDonald’s is what is called a formatted franchise. What this means is that they have a very specific system for everything. Think about this, a franchise owner will invest over one million dollars and then they won’t get to have ANY say into how they salt the fries.

We will work very hard in this white paper to share with you concrete, absolute things you **MUST** do, to have the most successful event. We will use this special symbol to show when something should not be deviated from.

## **Highlights / MUST DOS**

1. Ask key questions from every attendee every time.
2. Follow up with each individual's biggest challenge.
3. Connect your product/service to their problem.

In a way doing SXO Events aren't hard . . . and in another way it's very challenging to do them right. What's interesting is that one small tweak in your process can double your results.

Having checklists are critical to the success of any event. Ideally you will be doing events on a consistent basis and with each event and tweak to the checklist, your event will become more successful and profitable.

### **NOTES**

Write down the MUST DO's For You . . .

**This is the engine that runs our business. We earn the money we earn, we work the hours we work, we have the stress in our life that we have and the balance in our lives we do or do not have . . . BECAUSE of the BOS that we have installed and are running as a team. If we have and use great systems then our lives will be great.**

## **IT'S ACTUALLY PRETTY SIMPLE!**

Every business should have a BOS - Business Operating System. The business side of the BOS is The 5/30 Grid. If you have installed The 5/30 Grid in your business then you'll be able to leverage that same system in building the success/profitability for your LIVE Event.

- Area 1: Marketing** - Database targeted to get people to the event.
- Area 2: Pre-Sales** - Someone says I'm interesting in attending.
- Area 3: The Sale** - Someone registers, says "Yes"
- Area 4: Servicing** - Individual attends
- Area 5: Client For Life** - Continues to attend and invites others

**GREAT QUESTIONS TO ASK ABOUT OUR LIVE EVENTS! Use The 5/30 Grid for every LIVE Event!**

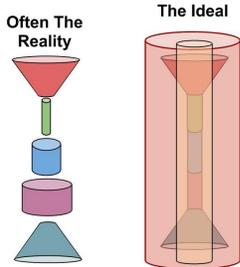

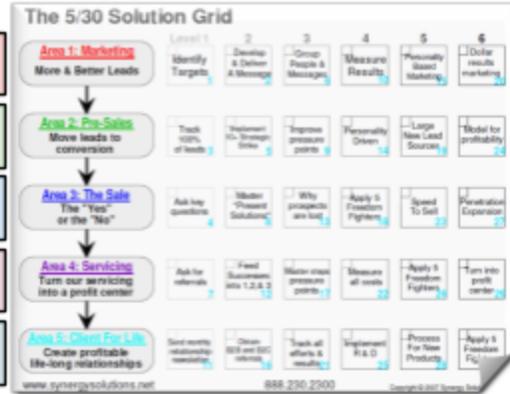

How do we generate more and better leads for our LIVE Event AND how do we generate leads for our business all at the same time?

How do we get those who "raise their hands" with interest to attend our LIVE Event to actually attend?

How do we get butts in the seats, get them engaged, excited and motivated AND how do we turn that into NEW added business?

How do we inspire and motivate people, once they attend to take action on what they learn, attend every event AND bring others with them?

How do we create "Relationships For Life?" How do we get people engaged and get them to bring their networks of professionals as well?

**Area 1: Marketing** If we have the right BOS in place, we will have the RIGHT Quantity and Quality of people attending our LIVE Event.

**Area 2: Pre-Sales** Once someone “raises their hand,” do we have a system in place to follow up with them to insure they actually attend? Do we have a system to determine how strong of a prospect they are and if they are very strong, do we have a system to follow up prior to their attendance?

**Area 3: The Sale** Once someone registers we consider this saying “Yes” and if someone says “No,” do we have a system in place to help them to reconsider?

**Area 4: Servicing** When the individual actually attends do we have a process by which we are able to create a RAVING FAN experience to not only get them to come back, but to invite others to attend as well?

**Area 5: Client For Life** When someone continues to attend and invites others to attend, volunteers to participate, and really plugs into the event that is when we know we have a “Client For Life.”

## Life Masteries Institute & Network

The network of professionals within Life Masteries Institute is pretty amazing. There are individuals from all walks of life, all types of professions, young and more experienced, CEO's of worldwide organizations, business, community and pretty much anything else you can think of.

Many individuals and companies license their IP - Intellectual Property to Life Masteries Institute as a distribution center to our vast network of professionals. In addition to gaining access you may share your IP, either complementary or for a fee, with others throughout the network.

The MAGIC, it seems, is to have a group that comes back month after month or week after week to impact them directly in their lives by asking them **“What is the biggest challenge you are facing in any area of your life”** and/or **“If someone could help you in any area of your business / life what would you love help on?”**

There is a 3x3 card which covers what we call a level 1 and part of a level 2 “Examination” which is getting key questions / information from each attendee.

<http://www.TheVisionProject.net/3x3.htm>

The 3x3 cards are designed to gain valuable information to quickly assist you in knowing how you can best help that attendee in their business and / or life.

Name: \_\_\_\_\_  
E-mail: \_\_\_\_\_  
Cell Phone: \_\_\_\_\_

Follow-through in taking action is the key to success. We will help you! Complete and turn in.

A. Rate which shape you like from best 1 to least 4.

B. Two things I would like to do in 6 months.

C. I would LOVE Help on ...

I commit to complete a FREE online Mini Business X-ray which only takes a few minutes.

Optional, but VERY valuable to you!

1. How many hours a week are you currently working, would you like to be working?

2. If you had 10 leads, with a lead being a name and a phone number from all your lead sources, how many would you convert, the average in most industries is 1 out of 10? What are the best major reasons you believe you're so successful?

3. What would be your WOW income goal, something that would really excite you? YTD \_\_\_\_\_  
Income \_\_\_\_\_

4. What would be your two biggest challenges to achieving your WOW income goal and working the number of hours you like to work?

When we help people in specific and measurable ways each and every month, we get them to come back and invite others. Another option is to have attendees, while they are at the event or prior to the event, go online and complete a survey. There are many surveys to choose from.

<http://www.TheVisionProject.net/LCS.htm>

There should be a registration sheet where every attendee signs in and writes down what their biggest challenge is that they would like the group to assist them with.

This does a number of things which brings value and benefit to the attendee as well as the group. For the attendees it brings to the top of their mind their biggest challenge, their pain, which then makes them more aware that they can discover the solution to their pain at the event in what is being shared.

<http://www.TheVisionProject.net/ICED.htm>

For the sponsor(s) the fastest way for you to turn every attendee into additional business opportunities / more dollars - less time worked - less stress and greater life balance is to build a bridge between your products/services, your partnership and how you will help the attendee to overcome their challenges / problems.

**You are the bridge from where they are to  
where they want to be!**

DO NOT ALLOW the following pages to overwhelm you. Think of it like a library with a lot of books and you get to choose which book you desire to read / work with your group. If you have an established group you may select two or three of the topics you believe to be the best and then give them an option OR you it may be better for you just to make a choice and then move forward.

It's really much less about the topic being discussed than it is about solving their biggest challenge / problem which will bring them back. Great topics just make it easier and more natural to help.

Talk with your executive coach to assist you in picking the very best event to offer to your clients, referral partners and / or community.

**Questions . . .**  
**630.393.9909**

**What if . . . there were a system, already developed, where you did not have to, reinvent the wheel for seminars / LIVE Events and all you had to do was plug your own vision, passion, talents and network in to see success?**

Life Masteries Institute is a 501c3 non profit organization and have done that very thing for you through Mastermind Seminars.

<http://TheVisionProject.net/LiveEvents.htm>

Mastermind Seminars will help you tap into your local community to leverage all the major influencers within your community to bring a large amount of economic benefit to both community based organizations as well as businesses. They will help you because you'll help them.

Imagine . . . getting the mayor of a city to endorse you and use their entire network to connect you to key businesses and community leaders. Imagine . . . groups like the chamber of commerce, banks, places of worship and even groups like Rotary International to open a lot of doors to a lot of people.

Sound too good to be true? Check out some of these testimonies - [http://TheVisionProject.net/LiveEvents\\_moretest.htm](http://TheVisionProject.net/LiveEvents_moretest.htm) Actually the concept is very simple . . . "When we help the local community to see greater economic activities then the community will help us see greater success. When we help groups of people see success then those groups will help us to see success."

When we're involved with Mastermind Seminars we do everything that this white paper promotes in building BOS - Business Operating Systems for both community based organizations as well as businesses. As we help them they help us!

**Are you looking for new sources of income? Do you feel, at a deep level that you're not achieving your full potential? Are you bored with what you're doing and / or maybe are not tapping into all the gifts and talents you possess?**

When we participate at the CORE Level for Mastermind Seminars we are able to tap into Mastermind Partnerships. Mastermind Partnerships (MP) are designed to help everyone who attends a Mastermind Seminar (MS) achieve their goals in a very specific fashion.

MS's are lunch and learns which are held once a month and give individuals invaluable advice, training and tools to help achieve personal and professional goals. The challenge is . . . for most people if there is not additional resources available and accountability through a mastermind group which meets weekly either in-person or over the phone and through webinars.

There are many ways of monetize your participation in Mastermind Seminars and Mastermind Partnerships will help you do that in a much more systematic way.
