Message

Do you feel that together we can accomplish far more than we ever could on our own? We have been partnering with a non-profit organization, Life Masteries Institute (LMI) for years, helping them and them helping us. **Partnering together for mutual success.**

We have introduced many people to LMI and they in turn refer great prospects back to us, who just received a great referral from them that converted into an amazing client within 24 hours of their introduction. Great example of a WIN WIN WIN for everyone. They have referred a ton of business to us, and others in our networks over the years and they will help you as well.

How to Get Started With Your Partnership

It's so simple, almost too good to be true. Ask every business owner / leader you know what their biggest challenge is personally and/or professionally. Then make an introduction, via email to info@lifemasteries.org. Someone from LMI will respond within 24 hours to you and the person you introduced to them with possible solutions to their biggest challenge. Benefits EVERYONE

- LMI will provide a 30 minute **GIFT** Challenge Strategy Session (30 MSS) and will forward that information to you and the individual you referred.
- **Over 97% of what LMI offers has NO CHARGE.** There is an amazing White Paper Library which people love. There is a Video Library, Live Community/Business Partnership Webinars and many other things which bring people great value.
- **You WIN** because you have helped bring value to someone, with almost no time or effort invested on your part, plus the strategy session will often provide your company opportunities without any of your time being invested.
- **They WIN** because the 30 MSS literally has changed the lives of people through the discovery of their personality and AWAKENED them to many new insights.
- **Everyone WINS** in your entire network, as the 30 MSS helps to generate more connections, more referrals and more business opportunities for everyone.
