The next step is to complete your own personal 30 minute GIFT Strategy Session. This special GIFT session will help bring a great deal of CLARITY to what you filled out in the 3 minute survey.

The simple version is the four shapes you like the most in the Geo (Geometric Psychology) test. Listen to the first one you chose first and then the one you choose second.

- [] ~ Pyramid <https://www.youtube.com/watch?v=VktJhHyWFco>

My biggest challenge was: _____

Did you know that we can more quickly solve our challenges / problems when we understand that our greatest strength is our greatest weakness and our greatest weakness is really our greatest strength . . . misapplied?

When you talk to the individual who will be doing your 30 minute GIFT Strategy Session, ask them for more details on this really fun, cool and interesting insight into each one of us.

The second test is what we call the “Pain Quadrant” test. Sometimes individuals will test similar and other times they will test very differently. There is no right or wrong way to answer these questions. Each personality will have their strengths and weaknesses.

Pain Test: (xxxx)			
Analytic		Driver	
Out Of Order		Out Of Control	
Conflict		Boring / Not Fun	
Amiable		Expressive	

If you had a hard time selecting the shapes and/or what caused you frustration, that’s alright. The individual doing your review will help to fill in the gaps. Again, listen to the first one you chose first and then the one you choose second.

If you are a Business Owner, C-Level Executive or Entrepreneur we would encourage you to take a more comprehensive assessment called “The Action Card.” This will assist Life Masteries Institute to select the individual who is best to do your 30 minute GIFT Strategy Session and will provide them with additional information to provide you the most comprehensive and complete assessment.

I would love help on: _____

Often our biggest challenge is the pain that we are having in our life and what we would love help on may be pleasure, something we are seeking. Both are so important and when we understand our personality we learn how to solve our biggest challenge / problem and achieve what we desire the most.

Combined: (xxxx)

What gets really exciting, powerful and life changing is when we combine the Geo with the Pain Quadrant we get the Combined personality results.

Between both tests there are 65,536 possible combinations so it's just a bit more complex . . . but no worries as the individual who gives you the 30 minute GIFT Strategy Session has been trained and certified in Personality Masteries and will give you insights which will blow your mind.

The following are some additional short videos which provide additional insights into your personality and/or others.

<u>GEO</u>	<u>PAIN</u>	<u>NAME</u>

So . . . what do you think? Not bad for 3 minutes . . . right?

Obviously it will make a lot more sense to you after you complete your 30 minute GIFT Strategy Session where the individual how completes that will help you take a specific look at your biggest challenge / problem and what you would love help on and give you insights on how you can solve your problems and help you get what you want in all areas of life based on your personality.

If you think this was amazing, wait until you see a group assessment done on teams / groups of people. When a whole team is mapped out on a Personality Masteries grid / map, it helps people to see things about themselves and peers which can change an entire team in an instant.

There are three far more detailed “Individual” assessments and three “team / group assessments.”
